IT'S ALL ABOUT YOUTH

HBN at Dave's Delicious Dogs

Hello all

Welcome to another term and another year ahead filled with the fun, happy and challenging experiences. As you will see below there are lots of activities and new ideas being created, from Mince Pies in Peel to the 'worry monster' in Castletown, always great to see.

Looking ahead there will be 3 island wide events, we are reviewing the wi-fi access in our main youth centers and looking at new opportunities to work within schools and the communities. One potential opportunity is an inter club football event in partnership with the police.

As always keep smiling and talk to us if your experiencing any issues or have ideas of an interesting overseas residential, or even a trip to the Calf of Man, together we can make it happen. Remember young people are the driving force of our future, and if ideas are created then we should aim to help achieve them.

Have a great term
